This boutique development of detached luxury villas is situated in an excellent location in Mijas and thanks to its elevated position has panoramic views over the sea, mountains and the coast line of Africa. Málaga International Airport is only a 15 minutes drive away.

Buena Vista Hills offers 6 different designs with contemporary architecture on plots of 500m² - 900m² surrounded by pine trees and the beautiful mountains of Mijas. The 3- and 4-bedroom villas of 264m² to 393m² have open spacious interiors with large floor-to-the-ceiling windows that maximise natural light and views. The villas are built using durable and high quality materials that are environmentally friendly and provide high energy efficiency. The promoter gives you the opportunity to have your input during construction and change it according to your imagination.

In a very close proximity to the urbanisation there is Altos del Higuerón, a shopping center with supermarket, bars, restaurants, laundry and pharmacy. Sports clubs, restaurants and the nearby beach also invite you to a cheerful and comfortable life.

The construction work on this project has already started.
